

1. How do we interpret/showcase our place (region) at the Sept. conference? For first time we're hosting conference here & having folks from all over attending. Who from your valley stakeholders need to attend conference to learn about community ownership? (ex funders, CEDP, government, community members)

- Need valley-based CACLTN voting members involved in planning committee - invitation to join: South Tower CLT already part; Wukchumni Tribe commits to sending rep
- Entertainment ideas:
 - Banda - Rey Leon has contact
 - San Jarocho - Julissa has contact
 - DJs & other creatives - Dulce Upfront can support w/ connections
- Welcome
 - Yokuts Land: Wukchumni Tribe would like to lead
 - Provide SJV context; welcome to Fresno
- Request: Setting aside SJV tickets to ensure folks here can attend esp since events tends to sell out
 - Continue to encourage SJV cohort members to become/renew voting/supporting members of CACLTN not only for resources but conference member only ticket early bird ← Kiel/Yaynicut to make announcement as board members <3
- List of orgs to invite that may or may not be in existing SJV listserve:
 - Break Box Thought Collective
 - Might Advocates Network
 - Merced Youth Collective (hub) - YRF, YOALI, Valley Visions, SeaYa, etc
 - Pan Valley Institute; Nu'u Yavi
 - Holistic Center / Fresno Center
 - Senator Ana Caballero - support for SJV budget request
 - Fresno CM Annalisa Perrea

2. How can work in the Valley be sustained? Is there opportunity for collaborative long-term infrastructure to be created (ie shared TA, back office support, other)? Do folks envision that as Valley-wide or County based?

- Community ownership - philanthropy support / investment for TA, more peer learning, cycles of funding \$30k-\$100k, fund for consultants → momentum & staffing
- [Virtual] Trainings and local trainings
- Funding for rural communities (small towns: Firebaugh, Mendota, Dos Palos) as population decrease due to land retirement - less work
- Municipal campaigns
- Local convo
- Young people are hindered by nonprofit ways of organizing → our labor needs to be more co-operative, ownership of land by undocumented folx
